

5 TO DO'S

5 Things Every Group Leader Should Do

Below are the 5 best things that every great Group should do. Putting these 5 things into practice shows that we value our Group members. Watch you Group grow as you put these 5 things every Group leader should do into practice.

PRAY

There's nothing more important than regularly praying for our Group members. Pray for the health of your Group, Group members and Group leaders. As you pray, we believe that your group will remain healthy and healthy things grow.

CELEBRATE

Everyone likes to be celebrated. Take time out of Group to celebrate birthdays, anniversary's or anything that is important. As we celebrate we show our Group members we value them.

ENCOURAGE

Group leaders constantly encourage spiritual growth. Healthy things grow when we are spiritually fed. Group leaders model spiritual growth and bring others to grow with them.

CONTACT

It's essential to maintain weekly contact with Group members. We are constantly discipling people. Make calls, send text, and make time to connect with people beyond Group. That's when real connections take place and when people grow.

CONNECT

From Group to Growth Track and everything else our purpose is to connect them to the church. Group leaders connect Group members to the life of the church and model how this looks.
